Welcome

Dear Colleagues,

On behalf of the BeSARPP Board and the Scientific Committee, we are pleased to invite you to the BeSARPP Annual Meeting which will be held at SQUARE in Brussels on 19-20 November, 2021.

Each year, our Society succeeds in designing a truly magnificent scientific program during our Annual Meeting in November. The topic of this year's meeting is: **Anesthetic Challenges in the Roaring 20's.**

Looking at the number of anesthesiologists attending the meeting each year, this has proven to be a highly successful format for many years. This will undoubtedly also be the case for this year's edition: World renowned experts will share knowledge and provide science-based opinions about key topics in anesthesia.

As last year, we will schedule the ethical program and the hands-on workshops on Friday.

It goes without saying that we are organizing the meeting with all the necessary precautions to keep you and all other participants safe.

We hope to welcome you and meet you in Brussels,

Kind regards,

Vera Saldien and Vincent Bonhomme
Chairs Scientific Committee
