

## Anesthesiologist – Hutt Valley – New Zealand

Posted on: 10/05/2023, Referencenumber: 2023047

End date: 10/08/2020

### Location

Hutt Valley is a region in the southern part of the North Island of New Zealand, including the cities of Lower Hutt and Upper Hutt. The region has a diverse population of over 140,000 people, with a strong presence of Maori and Pacific Islanders. Hutt Valley is known for its picturesque beauty, with the Hutt River flowing through the region and offering opportunities for outdoor activities such as fishing and hiking. The region also hosts a number of businesses, ranging from light industry to service sectors, and makes a significant contribution to the economy of the Wellington region.

The position is offered by a large hospital that provides care to the entire region and employs more than 6,000 people. This makes them one of the largest employers in the region, and the 6,000 employees are spread across 3 hospitals. They are looking for an anesthesiologist to complement their diverse team in one of these hospitals.

### Job description

On behalf of the above hospital, we are looking for an anesthesiologist for a full-time position. The minimum contract duration is 12 months, and the number of weekly hours can be adjusted in consultation.

The suitable candidate will work in the team of anesthesiologists. Together with your colleagues, you provide all the care that comes with anesthesiology, including care for patients in the hospital, patients admitted to clinics in the region, emergency care, and pain management. You will mainly work with the departments of pediatrics, intensive care, and obstetrics.

To apply, registration with the Medical Council of New Zealand is required. Completion of the anesthesiology training program and proficiency in the English language are essential. You must be able to work well with different colleagues and be motivated to provide the best care. You will also be responsible for instructing and mentoring students. Flexibility is important as you may work in regional clinics affiliated with the hospital.

The employer offers an attractive salary and good working conditions. Various courses are offered for professional development, and work-life balance is highly valued, allowing sufficient time for personal life.

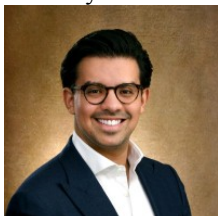

*The employer requires that candidates are vaccinated against various diseases, including COVID-19.*

### For Medical Professionals

MMedical assists medical professionals in finding a job either domestically or internationally. Through MMedical, you will have a good overview of job vacancies that fit your preferences and within your area of expertise. When required, we will assist you in obtaining the necessary licenses and visas.

We handle your personal information discreetly and will not share it with third parties without your permission. If you are interested in the above vacancy or curious about other job opportunities within your field, please contact one of the MMedical staff members.
